

Sleep Log

Sleep logs can be helpful for diagnoses of sleep disorders. They are the most efficient way for you and your doctor to evaluate your sleep difficulties. Any patient of a sleep disorder clinic is required to keep a sleep log. More than likely, your doctor will ask you to complete a sleep log for a period of several weeks; already completing this log may expedite your diagnosis and treatment. Most sleep specialists recommend maintaining a sleep log for 2-4 consecutive weeks. Bring this sleep log to your doctor or sleep specialist at the time of your appointment.

Please fill out this Sleep Log for the previous day and night no more than 3 hours after waking up. Estimate approximate times for each of the questions. Detailed accuracy is not essential. This sleep log provided by **Talk About Sleep, www.talkaboutslepp.com**
